

ERGOBJÖRN PALLET DOLLIES

TERMS & FUNCTIONS

The dollies are adapted to different needs and to standard dimensions on boxes and half pallets. Unique with the new dollies in the assortment is that they are stackable, which means smooth handling when not in use.

The wheels are durable and are available as linked or fixed. We also offer wheels with brakes. The dollies can be carried easily in the frame and have low weight. The maximum load is from 300 kg up to 600 kg.
